## POINT OF SALE

### RESTAURANT | BAR | DELIVERY QUICK SERVICE

#### WHY HAS MICAMP PARTNERED WITH TABIT POS?

Tabit POS is the solution to help restaurants transform their business to be fully mobile, more efficient, and more profitable, while increasing customer satisfaction.

#### ALL-IN-ONE SOLUTION

Utilizing mobile tablets and smartphones as the primary touch points, restaurants can manage reservations and wait lists through the app. Servers greet parties with their party's profile already in the system.

#### USER FRIENDLY

The friendly interface uses familiar swipe and tap gestures that mobile users are accustomed to for intuitive everyday use, and easy training.

#### DESIGNED TO SCALE

Tabit has multiple customer touchpoints and reduces the need for many integration points. It is suitable for any restaurant size.

#### BUSINESS PROCESSES ORIENTED

With multiple role-specific workflows, each player in the ecosystem only sees what they have to see, at a set time.

#### OTHER GREAT FEATURES

- Intuitive workflow guides the server through the order taking process.
- Capture all of the relevant details for each ordered item, while providing the best customer service.
- Tabit Pad allows the server to spend more time with their customers in the service area (tableside).
- 12-15 minute decrease in table turn time during peak times.
- Get a consolidated view into the operations across multiple locations.
- Make smarter decisions, backed up by better data.
